Use Your Excess Vacation Leave by June 28, 2025

As we get closer to fiscal year end, we want to remind you of the [UMass Chan Holiday, and Personal and Vacation Time Policy](#) and maximum accruals so you can plan accordingly.

As of the last full pay period of the fiscal year, the maximum number of vacation hours employees may carry over into the next fiscal year is 240. During the fiscal year, employees are allowed to accrue hours over 240. Hours over this accrual limit are automatically re-set in the payroll system to the accrual maximum.

This year, the relevant pay period ends Saturday, June 28, 2025. You are encouraged to use any vacation balances that exceed the 240-hour maximum before that date.

To avoid the loss of accrued vacation hours, review the following recommendations:

- Take all vacation over 240 hours before Saturday, June 28, 2025. Keep in mind that the vacation accrual for the pay period ending on that date that will not appear on your paycheck.
- Any hours over the cap will automatically be reset to 240 and will appear on your paycheck on Friday, July 4, 2025.
- If you are approaching 240 hours of accrued vacation time, talk with your manager about planning time off before June 28 and make sure it is approved by them.

Ensure your vacation time has been entered into the Time Reporting system by June 28, 2025.
